SPECIALTY

## TAKEONE SCENIC PAINT

**TakeOne** Scenic Paint is a specifically-formulated water-based paint for use in the Film, Television and Entertainment industries. Its dead flat finish provides a deep level of colour and brilliance, without reflecting light or glare. Ideally suited for non-traffic surfaces and is not for use on exterior applications. Formulated low odour and VOC, its one-coat coverage and fast dry time make it ideally suited for sets, props, backdrops and other non-contact interior areas. Available in a wide range of factory-mixed and custom colours.

### Basic Technical Information

- Self-priming on drywall, wood, masonry. Do not apply to bare metal. Glossy surfaces must be dulled by sanding lightly to facilitate adhesion.
- Can be applied by brush, roller or spray (0.011" - 0.013" tip)
- Dries to touch and re-coat in 30 minutes
- Theoretical coverage is 75-120 ft<sup>2</sup> per gallon
- Low odour & VOC
- Clean-up application equipment with warm, soapy water.
