

Cloverdale Paint

 Canadian Owned & Operated

Kitchen & Bath

Cloverdale Paint's Kitchen & Bath line is available in durable pearl and semi-gloss sheens. The 100% acrylic product line is designed specifically for areas exposed to interior moisture and high humidity. Kitchen & Bath provides a significantly higher level of performance than conventional latex paints in the areas of scrub resistance, burnish resistance, ease of stain removal and resistance to mildew.

- Superior stain & mildew resistance
- Ideal for use in high humidity areas
- Quick dry with little odour
- Highly scrubbable
- Easy to apply
- Paint & Primer in One*
- "Best in Class" washability
- Low odour & ultra low VOC

*We recommend a regular primer as a less expensive and more effective first coat for new wood, masonry and drywall.

Kitchen & Bath

• ULTRA LOW VOC • 100% ACRYLIC FINISH •

PRODUCT FEATURES

Kitchen and Bath is formulated with the latest 100% acrylic technology to perform in humid environments where frequent cleaning is required. This ultra low VOC product has minimal odour, exceptional flow and levelling and has high hide characteristics making for ease of application. This coating develops a hard wearing, low tack, stain resistant finish that has excellent scrubability where frequent cleaning is required. Fortified with mould and mildew protection to reduce growth on the film in high humidity environments. Ideally suited for walls, trim or cabinets this high adhesion coating develops a rich designer finish and is available in a GL (3) Pearl and GL (5) Semi-gloss finish. Environment Canada VOC compliant.

Kitchen & Bath is an excellent choice for both do-it-yourselfers and professional applicators alike when painting areas requiring greater mould and mildew resistance. Scrub resistance and stain removal are superior to conventional latex paint.

*We recommend a regular primer as a less expensive and more effective first coat for new wood, masonry and drywall.
