723 SERIES PRODUCT FEATURES

WeatherOne® 100% Acrylic Solid Hide Stain is Cloverdale Paint's high quality exterior acrylic stain backed by a 15 year limited warranty. Formulated with the latest acrylic technology, additional volume solids and mould & mildew additives make this an ideal choice for vertical wood siding, wood composites, shingles, trim and fascia. This product also features superior hiding, breathability and adhesion properties.

- 100% Acrylic allows substrate to breathe
- Self priming on most woods*
- Higher volume solids provides better hiding, coverage and durability
- Contains a mildewcide registered under the Pest Control Products Act to prevent mould, mildew and algae from growing on the surface of the coating
- LOW VOC's provide low odour and reduce the environmental impact
- Rich, designer finish that provides long lasting colour and protection
- 15 year Limited Warranty

*A stain blocking primer is recommended on new cedar particularly when using lighter coloured top coats.

066 SERIES PRODUCT FEATURES

WeatherOne® 100% Acrylic Semi Transparent Stain is a premium quality, pure acrylic stain that provides a long lasting decorative finish by allowing the natural colour and texture of the wood grain to show through. This product is a fast drying, low sheen abrasion resistant product that provides excellent penetration into the wood surface. This is a water-based, low VOC product which develops a high degree of water resistance when dry. 066 Series is a clear "tint" base and must be tinted with universal colourant.

- Deep penetrating acrylic formula
- Self-priming on most woods
- Water-based acrylic
- Contains a mildewcide registered under the Pest Control Products Act to prevent mould, mildew and algae from growing on the surface of the coating
- Rich designer finish that provides long-lasting colour and protection
